### **Field and Fleet- GPS Insight has it all**

GPS Insight understands the challenges faced on the road and is dedicated to meeting the needs of its members by providing robust tools to enhance efficiency and drive customer success. Through a partnership with Savings4Members, GPS Insight offers a range of innovative solutions designed to improve accountability, compliance, efficiency, and safety.

As part of the GPS Insight program, members receive exclusive benefits, such as a **20-30%** discount on installations and devices. Additionally, members have access to comprehensive solutions including:

- GPS tracking for real-time monitoring
- Smart cameras for advanced surveillance
- Compliance management tools for regulatory adherence

In addition, GPS Insight's Field Service Management system, Field Aware, connects your workforce and streamlines operations. It allows you to track and automate workflow, store information about jobs and customers, and access real-time data from remote job sites through the FieldAware mobile app.
