

## **New Vendor Announcement**

**March 2025**

### **Savings4Members Announces New Partnership with GlobalTranz**

Big news for businesses looking to take control of their shipping! Savings4Members has joined forces with **GlobalTranz**, a leader in third-party logistics, to bring members smarter, more efficient, and cost-effective shipping solutions. In today's fast-paced world, staying ahead means having the right logistics partner—one that delivers the capacity, technology, and support to keep businesses moving forward.

Members can now take advantage of exclusive pricing on LTL and FTL shipments, with access to a vast network that includes UPS, 75+ LTL carriers, and over 45,000 FTL carriers. This expansive reach ensures businesses have reliable and cost-effective shipping options tailored to their needs.

A comprehensive logistics management portal simplifies every step of the shipping process, from processing shipments and tracking freight in real-time to managing invoices and generating reports. With built-in analytics and supply chain insights, businesses can make smarter shipping decisions and maximize efficiency.

GlobalTranz also offers dedicated claims and in-transit support, handling all loss and damage claims while ensuring freight reaches its destination as quickly as possible. With proactive issue resolution and detailed reporting, businesses can stay informed and in control.

This partnership gives Savings4Members members access to industry-leading logistics solutions, helping businesses streamline operations, cut costs, and stay competitive in an ever-changing market.
