

## **New Vendors: Holman and Engine**

At Savings4Members, our goal has always been simple: help businesses save money, improve operations, and stay competitive in a constantly evolving landscape. To keep delivering on that promise, we're focused on adding vendors that offer more than just savings—they offer solutions. This month, we're excited to introduce two new vendors to our network—Holman and Engine—each offering unique solutions to help streamline key areas of your business.

### **Holman: End-to-End Fleet Solutions**

Holman helps businesses simplify fleet management with integrated services that cut downtime and boost performance. From sourcing to maintenance, insurance, and long-term planning, everything is built to keep your vehicles—and your business—moving efficiently.

### **Engine: Smarter, Simpler Business Travel**

Engine gives businesses one platform to book hotels, flights, and rental cars at exclusive rates. With real-time expense tracking, direct billing, and no contracts or fees, it makes business travel faster, cheaper, and way easier to manage.

Both of these programs are now available to Savings4Members businesses. To find out how Holman or Engine can support your goals, contact your Savings Consultant or reach out to our team. We're here to make sure you get the most out of every mile, meeting, and moment.
